### Movie Guide: DuckTales “*Dough Ray Me*”

1. What did Huey, Dewey, and Louie spend all their allowance on?
2. Why won't Uncle Scrooge McDuck give them any more money?
3. What job did they take to earn more money?
4. While cleaning, they find Gyro's machine that can do what?
5. What do the boys start duplicating?
6. What starts happening to the things they duplicate? (what goes wrong?)
7. What happens to prices when everyone has money?
8. How can duplicated money ruin the economy? (Think about it.)
9. What happens to the prices in Duckburg? Also, name one item and its “new” price.
10. How do the boys try to save Uncle Scrooge's fortune? Why would this help?
11. Why do the boys want the Beagle Boys to steal the money (Fenton's plan, steps 1-3)?
12. What happens to the money with Fenton rings the doorbell? (Gyro says this answer).

#### After Movie:

13. Why does getting rid of all the duplicated money make the economy ok again?
14. In Economics terms, why there is no such thing as “easy” money?
15. How is the problem from #6 like the problem with the Fed printing more and more money?
16. Questions #8 and #10 represent inflation and deflation. Explain how each of these affects the economy.
