

## SSEMA2: The Federal Reserve Exhibit of the Money Museum

Your task is to create a walking guide for an exhibit about the Federal Reserve at the Money Museum in Atlanta. The museum has many visitors who are elementary age. The walking guide needs to be geared towards people that age. The exhibit includes three displays which are interactive and fun. The displays are about the organizations of the Federal Reserve, parts of the Federal Reserve, and the functions of the Federal Reserve. You need to come up with a creative way that these displays are presented in the walking guide so people will want to visit them. Be sure to include a map of the exhibit to help people know where the different displays are.

This walking guide is due \_\_\_\_\_. Take note of the rubric and follow it to maximize your knowledge of the content and your points!
